

This email is to request that K-LOVE be kept on the air. In the Phoenix AZ metropolitan area, K-LOVE is listened to by thousands of listeners every day and has a positive influence on their lives. There are very few positive, Christian radio stations in our area and K-LOVE is listened to by children and adults. It not only plays uplifting music, but shares and promotes the good works of many charity agencies in the area. It would be a great loss to our community to no longer have K-LOVE in the Phoenix area. Please do not replace it with a LPFM station.
